52 Acres - Wilkinson County, Georgia

Tract A355 (SOLD)

Acreage

52 Acres

General Description

These don't come along too often...

This tract is a great location and a very clean area, surrounded by larger tracts. With nice rolling topography and views, this would be the perfect spot for that weekend get away. The tract is mostly planted pines, 1999 and 1994, with the balance in older hardwoods. There is a good interior road system throughout the property and a couple of food plots waiting to be planted. Great Area/Great Price... What more could you ask for?
